

Inaugural of construction of water supply systems at the Bhutan Sturgeon Farm

13 December 2022, Wangdue: The Department of Livestock under the Ministry of Agriculture and Forests in collaboration with the De-Suong Office flagged off the construction of water supply system at the Bhutan Sturgeon Farm at Harachu, under Wangdue Phodrang Dzongkhag. The work will be carried out under the De-Suong National Services Water Project. Once the project is completed, it will ensure a reliable water supply for the Bhutan Sturgeon Farm. The project is expected to take about five months to complete. The Hon'ble Agriculture Secretary, Ministry of Agriculture and Forests graced the inaugural ceremony that was held on 13 December 2022 at the De-Suong camp site at Harachu.
